**Answer:** B

7 Which holds the least: A, B or C?

Answer: A

8 Put these in order, from the one that holds the least to the one that holds the most: A, B, C.

Answer: A, C, B

9 Is this bowl full or empty?

**Answer:** full

- 10** Sam has 2 cups of water in a jug that holds 6 cups. Is the jug full? How many more cups does it need?

**Answer:** No. It needs 4 more cups.

- 11** Ben says the jug holds more than the bowl because the jug is taller. How could you check? Explain.

**Answer:** Count the cups for each one and compare the two numbers.

- 12** Two bowls look the same size. How could you find out which one holds more? Explain.

**Answer:** Fill one bowl with cups and count them. Then do the same for the other bowl. Compare the two numbers.
