

Year 1 Science: Herbivores: plant-eaters: answers

Year 1 - What Animals Eat - Lesson 5.3

Answers. Final answers to the worksheet questions. Full step-by-step solutions for every question are free at websink.site/ks1/science/year-1/ch05-what-animals-eat/herbivores-plant-eaters/

Exercise 5C Herbivores

1 Fill the gap: a herbivore eats only ____.

Answer: plants

2 Which is a herbivore: lion, sheep or shark?

Answer: sheep

3 True or false? A rabbit is a herbivore.

Answer: True

4 What does each animal eat?

(a) Cow

Answer: grass

(b) Rabbit

Answer: hay

(c) Tortoise

Answer: leaves

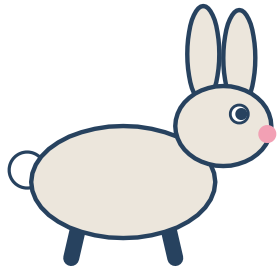

5 Fill the gap: herbivores have ____ teeth at the back for grinding plants.

Answer: flat

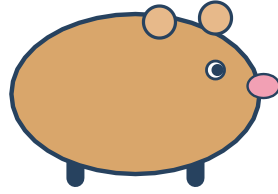

6 Odd one out: cow, rabbit, guinea pig, cat. Which one is the odd one out? Explain.

Answer: cat. It eats meat, but the others eat only plants.

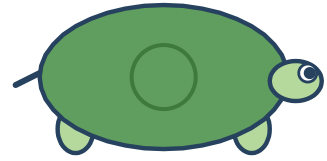

7 Look at the picture. Which of these animals is a herbivore that has a shell?

rabbit

guinea pig

tortoise

Answer: tortoise

8

Jack says a horse must be a carnivore because it is big and strong. Is Jack right? Explain.

Answer: No. A horse eats only plants, so it is a herbivore.

9

Mei's guinea pig eats hay, grass and carrots. Which group is it in?

Answer: herbivore

10

Working scientifically: What did you notice when a rabbit or a guinea pig ate its hay? Write one thing.

Answer: Accept sensible answers, such as: it chewed for a long time, or it moved its mouth from side to side.
