

Year 1 Science: Omnivores: eaters of both: answers

Year 1 - What Animals Eat - Lesson 5.4

Answers. Final answers to the worksheet questions. Full step-by-step solutions for every question are free at websink.site/ks1/science/year-1/ch05-what-animals-eat/omnivores-eaters-of-both/

Exercise 5D Omnivores

1 Fill the gap: an omnivore eats ___ and ___.

Answer: plants and animals

2 Which one is an omnivore: lion or pig?

Answer: pig

3 True or false? A human is an omnivore.

Answer: True

4 True or false? A hen eats only plants.

Answer: False

5 Which two are omnivores? cat, dog, cow, hamster

Answer: dog and hamster

6 Explain why a dog is an omnivore.

Answer: A dog eats meat and plants.

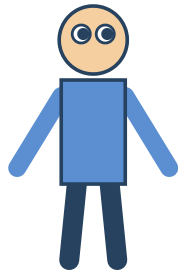

7 Fill the gap: humans have ___ teeth at the front and ___ teeth at the back.

Answer: sharp and flat

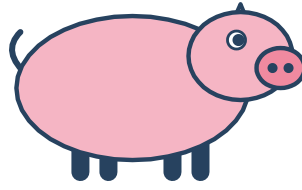

8 How many omnivores are in this list: human, lion, hen, cow, bear?

Answer: 3

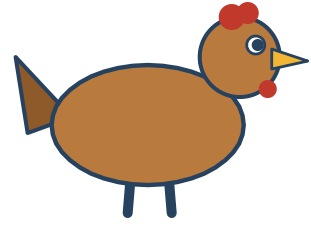

9 Look at the picture. Is the pig an omnivore? Explain.

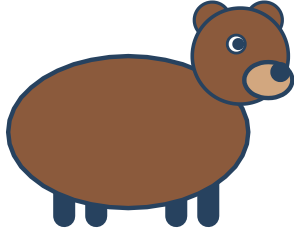

human

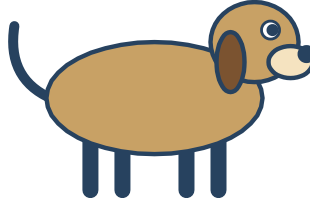

pig

hen

bear

dog

Answer: Yes. A pig eats plants and animals.

10 Ali says a bear eats only fish, so it is a carnivore. Is Ali right? Explain.

Answer: No. A bear eats plants as well as animals, so it is an omnivore.

11 Write two plant foods and two animal foods that you eat.

Answer: Accept sensible answers, such as: apple and bread (plants); egg and fish (animals).

12 Working scientifically: What did you notice when you looked at your teeth in the mirror? How could you find out more?

Answer: Accept sensible answers, such as: my front teeth are thin and sharp, and my back teeth are wide and flat.
